EDITORIAL INDEX BY SUBJECT CLASSIFICATION

The subject index includes all articles in the present Volume XXII, and those for the five preceding years, Volumes XVII–XXI. Also included are selected articles of particular significance from Volume X (1938) through Volume XVI (1944). The classification of articles under appropriate headings should increase the usefulness of and ease of locating materials in the index. Index of authors follows on page 893.

	Volume	*Year*	*Page*
ACOUSTICS			
Acoustics in School and College Buildings.	XVII	1945	278
Good Hearing Conditions in Schools	XIX	1947	117
Standards for Visual and Auditory Facilities in New Educational Buildings	XVIII	1946	136
School Sound Systems	XXII	1950	356
ADMINISTRATIVE OFFICES			
A Separate Administration Building for a School System	XXI	1949	194
ARCHITECTS			
Administrator's Responsibilities to the Architect	XIX	1947	52
Architect As An Administrative Officer	XIX	1947	43
Functions of the Architect in Planning the School Plant	XVI	1944	18
Manuals for Architects	XIX	1947	48
Responsibility of Schools of Architecture for Better School Buildings	XIX	1947	34
What the Architect Expects of the Client	XXI	1949	39
What an Architect Expects from the School Administrator	XIX	1947	57
AUDIO-VISUAL FACILITIES			
Audio-Visual Facilities in a New Educational Building	XXII	1950	281
Class Project: Audio-Visual Facilities and Equipment for New School Buildings	XXI	1949	261
Designing the School Building for Effective Use of Audio-Visual Aids	XVII	1945	117
Equipment Requirements for Audio-Visual Teaching Aids	XIX	1947	220
Integration of Text, Film, and Filmstrip	XIX	1947	177
School-Industry Cooperation Means Better Audio-Visual Education	XVIII	1946	152
What Should Our Audio-Visual Program Provide?	XVII	1945	397
AUDITORIUM AND STAGE			
Name Your Poison	XXI	1949	200
Use of Auditoriums	XIX	1947	132
BIBLIOGRAPHIES			
Annotated Bibliography on School and College Buildings	XI	1939	52
School Plant Bibliography	XIX	1947	226
School Plant Bibliography	XXI	1949	322
BUILDING NEEDS			
College and University Building Needs	XX	1948	86
Educational Plant Needs	XXII	1950	57
Large-Scale Housing and Its Educational Implications	XIV	1942	21
Study of Junior College Building Needs in California	XX	1948	157
BUSINESS EDUCATION			
Building Facilities and Equipment for Business Education	XVIII	1946	155
Layout and Equipment for Business Education Departments on the Secondary-School Level	XII	1940	373
Planning and Equipping a Clerical Practice Room	XXI	1949	228
Required Office Practice Equipment for a Class of 25 Pupils	XIX	1947	217
Selection of Equipment for Business Education	XI	1939	353
BUSINESS PRACTICES			
Good Business Practices—A Symposium	XXII	1950	380
Inventory Plan for School Shop Equipment	XV	1943	327
Purchasing Pianos for the Baltimore Schools	XXII	1950	390
Storeroom Management	XVII	1945	300
Tips on Purchasing School and College Equipment and Supplies	XVII	1945	378
Who Selects Products Used By Schools	XXII	1950	361
CHALKBOARDS			
Chalkboard and Its Future	XVIII	1946	209
Light Green Chalkboard	XIX	1947	122
COMMUNITY PLANT PLANNING			
Building for School and Community	XX	1948	95
Community and School Participation in Cincinnati Building Program	XVIII	1946	36
Community Will Use Tomorrow's Schools	XV	1943	22
Education and the Evolving City	XVII	1945	40
Planning the Secondary-School Plant for Community Use	XIII	1941	24
Relation of School Plant Planning to Community Planning	XIX	1947	21
School Plant Planning as Part of Overall Community Planning in Cities Over 100,000 Population	XVII	1945	26
School Plant Planning as Part of Overall Community Planning in Small Cities	XVII	1945	31
CONTEMPORARY DESIGN IN SCHOOL AND COLLEGE BUILDINGS			
Adequate School Buildings in North Carolina	XXII	1950	207
Bowman Hall, University of Kentucky	XXI	1949	167
Cleveland College: Downtown Center for Western Reserve	XXII	1950	123
Colegio Americano in Mexico City	XIX	1947	69
Crow Island School—In Winnetka	XIV	1942	62
Current School Building Program in Michigan	XXII	1950	221
Designs for Two Proposed Grade Schools	XX	1948	236
Economy of Contemporary Design	XXI	1949	55
Fairfax School	XXI	1949	185
Home Schools of San Francisco	XXII	1950	255
Housing for Cornell Faculty	XIX	1947	135
Illinois Wesleyan Building Program	XX	1948	253
Life Science Building, Indiana University	XX	1948	185
Milwaukee's School Building Program	XX	1948	244
Morehead Building, University of North Carolina	XXI	1949	181
New Plant Plan for Wayne University	XX	1948	216
New School Building Program in Duval County, Florida	XXII	1950	251

	Volume	Year	Page
New York University Law Center	XXI	1949	161
Orangeburg Pattern for School Improvement	XXII	1950	263
Study of Recently Erected and Proposed Buildings of Teachers Colleges in the United States—1945	XVIII	1946	50
Together We Built a School	XXII	1950	239
Translating a Blighted Urban Area Into a University Campus	XX	1948	177
Tulsa Builds a High School for Changing Secondary Education	XII	1940	28
Types of Schools to Serve Tomorrow's Needs	XV	1943	33
Village College in England	XVIII	1946	75

DORMITORIES

Building a University Women's Dormitory	XIX	1947	139
College Dormitories—A Review	XVI	1944	95
Designing of College Dormitories	XII	1940	421
Dormitories	XXII	1950	151
Dormitory Planning—1941	XIII	1941	432
Dormitory Projects	XX	1948	171
Modern College Dormitory, An Educational Enterprise	XVII	1945	95
New Buildings for Men at Indiana University	XXII	1950	171
New Type of Dormitory for Women at Stanford University	XVIII	1946	110

EQUIPMENT AND SUPPLIES

Continuous Inventory of Supplies and Equipment	XVII	1945	386
Educational Plant Equipment and Facilities	XX	1948	267
Equipment in Distributive Education	XIII	1941	381
Equipment List for Nursery and Kindergarten	XX	1948	278
List of Equipment for Classrooms in a Modern Elementary School	XX	1948	283
Maps, Globes, and Charts for the Postwar World	XIX	1947	188
Methods of Teaching Geographic Understanding	XIX	1947	194
New Developments in Elementary School Seating	XIX	1947	184
School and College Textbook Situation	XIX	1947	181
Selecting Supplies and Equipment	XVII	1945	372
Selection and Maintenance of Chinaware	X	1938	473
Selection of Finish Hardware for School Buildings	XXII	1950	375
Selection of School Equipment and Supplies	XVIII	1946	246
Simple Testing Program for School Supplies	XIII	1941	178
Surplus Properties and Education	XVII	1945	401
Testing Supplies and Equipment in Terms of Performance	XII	1940	182

FINANCE

Development of State Responsibility for School and College Buildings	XVIII	1946	41
Economy in Schoolhouse Planning and Construction	XXI	1949	46
Financing Tax-Supported School Plants in the Post-War Period	XVII	1945	54
Postwar School Building Costs	XVIII	1946	47
School Insurance Program	XVI	1944	406
State Aid for School Buildings	XIX	1947	60
Suggestions for Planning School Bond Issues	XXI	1949	59
Trends in School Insurance	XIX	1947	199

FINE ARTS

Aesthetic and Technical Problems and Solutions, The Wisconsin Union Theater, University of Wisconsin	XVIII	1946	95
"Don'ts" for the Secondary-School Theater	XIV	1942	268
Equipping the Music Department	XVIII	1946	184
General Plan and Arrangement, The Wisconsin Union Theater, University of Wisconsin	XVIII	1946	91
Hall of Music at Purdue University	XIII	1941	316
Planning and Equipping the Art Room in a Public School	XIII	1941	333
Planning the Fine Arts Plant for Coordination and Flexibility of Use: Introduction	XVII	1945	126
Planning the Fine Arts Plant for Coordination and Flexibility of Use: The Art Unit	XVII	1945	127
Planning the Fine Arts Plat for Coordination and Flexibility of Use: The Music Unit	XVII	1945	132
Planning the Fine Arts Plant for Coordination and Flexibility of Use: The Theatre Unit	XVII	1945	128
Texas Christian University's Fine Arts Building and Auditorium	XXII	1950	145
Two Theatres for American Colleges	XIII	1941	295

FLOORS

Floors for Educational Buildings	XIX	1947	106
Planning School Floors	XXII	1950	341

FOOD SERVICES FOR COLLEGES

Planning Kitchens for Residence Halls	XI	1939	413

GROUNDS

Better Lawns for Schools and Colleges	XV	1943	130
Characteristics of a Good School Site	XIX	1947	72
Cincinnati's Program for Acquiring School Sites	XIX	1947	76
Engineering Surveys for School Sites	XXII	1950	97
Importance of Site Selection in Comstock, Michigan	XXII	1950	271
Landscape Architect's Part in the Development of an Adequate School Ground Program	XIII	1941	217
Landscape Architecture for Schools	XX	1948	113
Maintenance of School Grounds	XII	1940	217
Planning of School Grounds for Community Use	XIV	1942	212
Planning School Grounds to Serve the Entire Community	XVII	1945	58
Planning School Grounds—The Utilitarian and the Aesthetic	XVI	1944	220
Playground Surfacing	XIII	1941	267
Playground Surfacing	XX	1948	118
Principles Governing the Landscape Development of Grounds for Educational Institutions	XI	1939	203
Rural Community—Its School Sites 1950–2000	XXII	1950	277
Use-Plan of a Large Site for a Secondary School	XXI	1949	255

HEALTH FACILITIES

Design and Equipment of School Health Service Rooms	XIII	1941	51
Health Suite	XX	1948	287

HEATING AND VENTILATING

Fifty Years in Heating and Ventilating	XVI	1944	228
Heat From the Earth	XX	1948	145
Heating Educational Buildings	XI	1939	37
Radiant Heating	XXII	1950	351
Radiant Heating for School Buildings	XIX	1947	100
Revision of New York State's Regulations on Heating and Ventilation of School Buildings	XVIII	1946	231

	Volume	Year	Page
HOMEMAKING			
Home Economics-Nursery School Building at Winthrop College	XVIII	1946	118
Homemaking Program Determines Building Plan	XX	1948	150
Making the College Home Economics Department Homelike	XVIII	1946	113
Planning the College Home Economics Department in Relation to Curriculum	XVIII	1946	116
JUNIOR COLLEGES			
Guide for the Organization and Evaluation of Community Colleges	XXII	1950	113
Junior College Plant	XVIII	1946	84
LIBRARIES			
Buying Books for the Library	XVII	1945	394
College and University Library Buildings	XXII	1950	127
Elementary School Library	XXII	1950	293
Equipment Needed in the Library of an Elementary School	XIX	1947	218
Evolution of the Modern School Library	XIX	1947	124
Layout and Equipment of a Secondary-School Library	XIV	1942	254
Modular Library for the State University of Iowa	XVIII	1946	98
Planning a College Library	XXI	1949	171
Planning the Harvey Firestone Memorial Library, Princeton University	XX	1948	193
Planning a University Library	XVI	1944	97
Post-War Standards for Community Library Service	XVI	1944	292
Teaching Aids Laboratory	XXII	1950	297
LIGHTING			
American Standard Practice for School Lighting	XXI	1949	266
American Standard Practice for School Lighting—Its Preparation, Use and Value	XXI	1949	284
Balanced Brightness vs. Footcandle Intensities as Related to Classroom Lighting	XVIII	1946	219
Daylighting the School Plant	XVII	1945	72
Effect of Directional Glass Blocks on Daytime Lighting in Classrooms	XXI	1949	293
Germicidal Light in Classrooms	XX	1948	131
Germicidal Lighting for Schools and Universities	XVIII	1946	225
Good Seeing Conditions in Schools, from the Standpoint of the Illuminating Engineer	XIX	1947	93
Intelligent Planning of Classroom Lighting for One-Story Buildings	XV	1943	184
Lighting for School Buildings	XX	1948	124
Luminous Environment for Classrooms	XXI	1949	297
New Window Design	XX	1948	138
Planning Schools With a View to High-Level Daylight Illumination in Every Classroom	XIV	1942	57
Standards for Visual and Auditory Facilities in New Educational Buildings	XVIII	1946	136
What Constitutes Adequate Classroom Lighting	X	1938	64
LUNCHROOMS—ELEMENTARY AND SECONDARY SCHOOLS			
Fine Points of Food-Service Equipment Design	XII	1940	438
High School Lunchroom of the Future	XXI	1949	251
New York's Central Kitchen for Elementary School Lunch Production	XIX	1947	158
Planning the School Cafeteria for Multiple Use	XVII	1945	107
Planning the School Lunchroom	XVIII	1946	127
Post-War School Lunchroom	XVI	1944	84
School Lunch Facilities in the South	XIX	1947	162
MAINTENANCE AND OPERATION OF THE SCHOOL PLANT			
Adequate School Maintenance	XI	1939	174
Economies in Plant Operation	XVII	1945	281
Finances in the Operation and Maintenance of Schools	XXII	1950	103
Good Maintenance Practice—A Symposium	XXI	1949	302
In-Service Training for Custodians	XXII	1950	386
Janitor-Custodian's Headquarters	XIX	1947	144
Maintaining School Equipment in Usable Condition	XVII	1945	295
Maintenance and Repair in New York City's Board of Education Shops	XVIII	1946	234
Maintenance in Wartime	XVII	1945	297
Program for the Repair and Maintenance of School Furniture	XVI	1944	232
Prolonging the Life of Food Service Equipment	XV	1943	247
Service Facilities for a New York School Building	XIX	1947	112
MODERNIZING OLD BUILDINGS			
Importance of Modernizing Old School Buildings	XIX	1947	167
Modernization and Rebuilding of an Old High School, Weston, Massachusetts	XXI	1949	64
Problems Involved in the Rehabilitation of School Buildings	XIV	1942	26
Ways of Modernizing Old School Buildings	XIX	1947	171
PHYSICAL EDUCATION			
Gymnasium As We See It	XXI	1949	245
In the Twilight of Tradition	XX	1948	223
Planning and Equipping the Corrective-Exercise Gymnasium for the Modern College or University	XIV	1942	222
Planning Health, Physical Education, and Recreation Facilities for Public Schools and Colleges	XVIII	1946	177
Recreational Facilities for the Post-War World	XVI	1944	52
Stadium Design for Low Cost Maintenance	XIX	1947	153
Suggestions for Modern School Health, Physical Education, and Recreation Facilities	XXI	1949	235
PLANNING AIDS			
Contribution the Federal Works Agency Can Make to the Planning, Designing, and Construction of School and College Buildings	XVIII	1946	62
F. W. A. Assists Educational Plant Planning	XX	1948	167
F. W. A.—Builder of Schools	XXI	1949	67
Functions and Work of the National Council on Schoolhouse Construction	XVII	1945	23
Plant Services of the School Housing Section, U. S. Office of Education	XX	1948	50
PLANNING COLLEGE BUILDINGS			
Better Planning for College Classrooms	XI	1939	288
College Architecture in Transition	XX	1948	109
College Science Plant Facilities—A Review	XVI	1944	104
Graphic Method of University Space Analysis	XXI	1949	75
Integrated University Plant Planning	XX	1948	38
Notes on Planning an Urban University Plant, Cleveland College Conference II	XXI	1949	101
Planning the College Union	XX	1948	161
Planning an Overall Longtime Campus Program	XVII	1945	62
Planning Problems of Colleges and Universities	XX	1948	32
Utilization of College and University Buildings	XX	1948	41
What We Have Learned About Planning Fraternity Houses—An Evaluation	XVII	1945	102

	Volume	Year	Page
PLANNING ELEMENTARY AND SECONDARY SCHOOLS			
Administering A Construction Program: A Comparison of Methods	XXII	1950	109
Basic Planning for Camping and Outdoor Education	XVIII	1946	192
Basic Steps in School Plant Planning	XIX	1947	202
Campus "Laboratory" School Buildings	XVIII	1946	54
Community Council Rooms in School Buildings	XXI	1949	197
Considerations for Building Schools	XXII	1950	85
Cooperative Planning in the School Building Program	XX	1948	231
Designing Beauty into the Educational Plant	XX	1948	27
Designing Educational Buildings for Tomorrow's Needs	XX	1948	63
Designing the Mathematics Classroom	XVIII	1946	199
Designing the School Plant for Multiple Use	XVIII	1946	69
Do's and Don't's	XIX	1947	207
Dry-Joint Masonry	XXII	1950	377
Educational Specifications for New Buildings	XXII	1950	81
Elementary School Classroom Design and Equipment—Specifications for Teachers	XVIII	1946	203
Evolution of the School Building	XX	1948	55
Experience Gained in Maintenance as a Guide to Sound Construction	XIV	1942	267
Functions of the School Administrator in Planning the School Plant	XVI	1944	14
Guide for Planning School Plants	XIX	1947	39
How Many Plumbing Fixtures?	XX	1948	141
Interior Walls in School Buildings	XIX	1947	86
Modern Secondary School Buildings	XX	1948	70
Modular Design	XIX	1947	80
New Departure in Elementary School Planning and Its Determining Philosophy	XIII	1941	40
New vs. Old Building Standards	XVI	1944	25
Planning Adequate School Facilities as an Integral Part of Large Scale Housing Projects	XVII	1945	35
Planning and Maintenance of Rural Schools	XI	1939	24
Planning Buildings for New Community School Districts in Illinois	XXI	1949	43
Planning the Community School for Practical Service	XVIII	1946	28
Planning Process Behind the Blueprint	XX	1948	202
Planning Small Twelve-Grade School Buildings for Multiple Service	XII	1940	51
Planning the Postwar School Building Program	XVII	1945	12
Planning the School Plant Program	XVIII	1946	21
Planning the School Sound System	XVIII	1946	215
Postwar Schoolhouse	XVII	1945	17
Problems in Design and Operation Caused by Multiple Use of the School Plant	XVII	1945	68
Project: Planning an Elementary School	XXI	1949	92
Requirements of the Modern Secondary School	XX	1948	77
School Board as a Planning Agent	XIX	1947	63
School Board's Responsibilities for School Plants	XX	1948	99
School Building Codes	XVI	1944	31
School Plant Trends	XXI	1949	111
Score Card for School Plants Accommodating Both Elementary and Secondary Grades	XIV	1942	41
Some Questions About School Organization and the School Plant	XVIII	1946	25
Storage Cabinet Assemblies as Dividing Partitions	XXI	1949	221
To Build or Not to Build	XX	1948	46
Trends in Education Significant to School Building Planning	XVIII	1946	32
Trends in Planning Schools	XXII	1950	63
Toronto Board of Education Plans Ahead	XX	1948	228
Use of Native Materials in the Building of Schools and Colleges	X	1938	47
Working Heights of Elementary School Children	XXII	1950	349

	Volume	Year	Page
PLANT RESEARCH			
America's Outstanding School Buildings (Built Since 1945)	XXII	1950	175
Educational Building in 1949	XXII	1950	41
Need for Plant Research	XX	1948	30
Research in Plant Planning, Cleveland College Conference I	XXI	1949	81
School Building Survey Techniques	XX	1948	102
School Plant Surveys in Georgia	XXII	1950	87
SAFETY FACILITIES			
Prevention of School Fires	XVII	1945	289
SCIENCE FACILITIES			
Equipment Suggestions for Secondary General Science Rooms	XXII	1950	307
General Problems of Laboratory Design	XXII	1950	309
Laboratory Facilities—Physics and Chemistry—At Northwestern University	XV	1943	267
New Natural Science Building	XXII	1950	141
Planning A New Science Building, Introduction	XVIII	1946	106
Planning A New Science Building, Construction Details	XVIII	1946	106
Purchase, Construction, and Use of Science Laboratory Apparatus	XVII	1945	382
Servicing a Modern Laboratory—III	XI	1939	465
Servicing a Modern Laboratory—IV	XIV	1942	373
Servicing of Physics Laboratories and the Managing of Physics Stores	XIII	1941	476
What the Chairman of a Science Building Project Should Know	XXII	1950	119
SWIMMING POOLS			
Common Errors in Planning, Construction, Use and Administration of Swimming Pools	XII	1940	261
Is that Swimming Pool Worth Modernizing?	XXII	1950	337
Modern Methods of Operating and Maintaining Swimming Pools	XV	1943	160
Natatorium at Ohio State University	XIII	1941	254
Schools Request Swimming Pools	XX	1948	174
TRANSPORTATION			
Lengthening the Life of School Buses	XVII	1945	536
Maintenance Program for School Buses	XVII	1945	540
Planning the School Bus Shop	XX	1948	263
Pupil Transportation is Improving	XXI	1949	315
Purchase, Care, and Use of School Buses	XVII	1945	532
Purchasing School Buses	XXII	1950	398
School Bus Driver Training Program	XXI	1949	318
School Bus Garages	XIX	1947	146
School Bus Standards	XVIII	1946	243
Students Take the Wheel in North Carolina	XX	1948	260
VOCATIONAL EDUCATION			
Adapting Wood and Metal Shop Facilities to Air-Age Education	XV	1943	321
Equipment and Facilities for Industrial Arts In Elementary Schools	XIII	1941	528
Equipment Specifications for a Comprehensive General Shop in New York State	XIX	1947	210
Guide for School Shops in California	XXII	1950	313
Housing and Equipping Springfield's Vocational Program	XVII	1945	84
Planning the Building for a Food Trades School	XVII	1945	113
Planning and Designing Plant Facilities for Vocational Agriculture—Classroom and Shop and the Community-School Cannery	XVIII	1946	161
Planning and Equipping Industrial Arts Laboratories	XI	1939	508

	Volume	Year	Page
Planning Housing and Equipment for a Vocational Program	XVII	1945	78
Planning the Safe School Shop	XXI	1949	288
Planning School-Community Farm Shops	XVIII	1946	170
Post-War School Shop	XVI	1944	72
Print Shop	XXI	1949	208
Shops in Elementary Schools	XIX	1947	150
Specifications for School Shops	XXII	1950	327
Suggestions for Planning Industrial Arts Facilities	XXI	1949	211

WINTER SPORT FACILITIES

	Volume	Year	Page
Construction of Ski Jumps	XI	1939	248
Design and Construction of Ski Tows	XI	1939	254
Design and Construction of Toboggan Chutes	XI	1939	240
Downhill Ski Trails	XI	1939	244
Ice Sports at Schools and Colleges	XI	1939	259
Ski Shelters and Lodges	XI	1939	265
Well Balanced Physical Education Program Should Provide For Winter Sports Trends	XI	1939	235

EDITORIAL INDEX OF AUTHORS

All authors who have contributed to the present Volume XXII and the previous five volumes are included. Selections were made of articles in editions from 1938 (Volume X) to 1945 (Volume XVII).

	Volume	Year	Page
